Babies and young children love to hear the sound of their parent's voice, in fact babies in the womb can recognise their mother's voice between 24 and 27 weeks, so it really is never too early to start. Enjoy rhymes together and your child will have the best start in developing their listening and talking (and later their reading and writing).</p> <p style="text-align: center;">https://bradford.50thingstodo.org/app/os#!/50-things-to-do-before-youre-five</p>
